FOR IMMEDIATE RELEASE

Computrition and Amerinet: A Rewarding Partnership

Chatsworth CA, September 25, 2008—Computrition, Inc., a subsidiary of Constellation Software Inc. (TSX: CSU) as well as a leading developer of hospitality, food management and patient care automation, is pleased to announce the renewal of its partnership with Amerinet, approved through July, 2010. This agreement will extend competitive pricing for Computrition's comprehensive and innovative foodservice and nutrition care management software solutions to the Group Purchasing Organization's 25,000+ Members.

Computrition and Amerinet, one of the country's leading non-commercially focused group purchasing organizations, commenced and have maintained their successful partnership since December, 1994. The foodservice and nutrition care management software provider is pleased to again be awarded this supplier agreement, amongst a select few technology vendors serving a similar arena.

Stephanie Luros, Director of Marketing for Computrition, states, "The Computrition Team is extremely proud of our rewarding and mutually beneficial supplier agreement with Amerinet. We look forward to continuing to serve Amerinet's Membership by offering them not only superior foodservice, patient safety, and nutrition care management technical solutions, but exceptional quality in customer service, consulting and support as well."

"Within the Foodservice Industry, Computrition's 28+ years of presenting products that provide safety, cost savings and increased efficiency has presented great value to our members," stated Tom Wessling, Vice President of Nutrition and Facility Services at Amerinet. "We are excited to have Computrition as an allied supplier for food service, nutrition, and clinically-based patient point-of-care software solutions as well. This agreement is reflective of Computrition's proven commitment to supply Amerinet members with high-quality products, exceptional support and operational partnership each step of the way."

About Computrition

Computrition, Inc. is a leading provider of fully integrated foodservice and nutrition management software systems. With customers throughout the USA, Canada, and worldwide, Computrition provides an all-encompassing software system designed to increase efficiency and productivity in the healthcare, hospitality, university, school foodservice, military and corrections industries. Staffed by dietitians, foodservice directors, chefs, business & service professionals and certified technical specialists, Computrition possesses the expertise necessary to deliver the highest quality products and services with a focus on customer satisfaction, employee fulfillment, and profitability. www.computrition.com

About Amerinet

As a leading national group purchasing organization, Amerinet strategically partners with healthcare providers to reduce costs and improve the delivery of quality care. Through Amerinet's Total Spend Management solutions and operational performance improvement programs, tools and services, we assist members in their efforts to reduce costs, improve efficiencies and create new revenue streams. Supported by a team of clinical, data and supply chain experts, Amerinet offers a comprehensive portfolio of product and service contracts to address members' specific needs. Based in St. Louis, with offices in Salt Lake City, Utah, Providence, R.I., and Warrendale, PA., Amerinet serves more than 26,000 acute and non-acute healthcare providers nationwide.
