FOR IMMEDIATE RELEASE

Computrition and Premier: A Rewarding Partnership

Chatsworth CA, December 18, 2008—Computrition, Inc., a subsidiary of Constellation Software Inc. (TSX: CSU) as well as a leading developer of hospitality, food management and patient care automation, is pleased to announce that it has been awarded as a contracted supplier for Premier, Inc. This agreement will extend exclusively competitive pricing for Computrition's comprehensive and innovative foodservice and nutrition care management software solutions to the Group Purchasing Organization's Membership.

With the contract agreement being finalized in December 2008, this marks a new relationship between Computrition and Premier. For the first time, Premier Members now have a multi-source opportunity for product and services evaluation in the foodservice management, nutrition care and room service automation arena. The Computrition Team was honored to have been awarded the agreement amongst a select few technology vendors, serving a similar demand for non-commercial foodservice operators.

Scott Saklad, Computrition President & CEO, states, "The Computrition Team is extremely proud of our new supplier agreement with Premier, Inc. We look forward to serving Premier Members by offering them superior foodservice solutions and exceptional quality in professional services, consulting and technical & product support. For years we have had prospects hold off purchasing new systems because we were not part of the Premier group. We are thrilled that Premier Members now have the opportunity to evaluate, select and utilize the applications they feel will most positively impact their daily operations."

For more information regarding the new supplier agreement, products available or product pricing benefits through Premier, please visit www.computrition.com or www.premierinc.com.

About Computrition

Computrition, Inc. is a leading provider of fully integrated foodservice and nutrition management software systems in the hospitality and healthcare industries. With customers throughout the USA, Canada, and worldwide, Computrition provides an all-encompassing software system designed to increase efficiency and productivity in the healthcare, hospitality, university, school foodservice, military and corrections industries. Staffed by dietitians, foodservice directors, chefs, business & service professionals and certified technical specialists, Computrition possesses the expertise necessary to deliver the highest quality products and services with a focus on customer satisfaction, employee fulfillment, and profitability. www.computrition.com

About Premier Inc., 2006 Malcolm Baldrige National Quality Award Recipient

Serving more than 2,100 U.S. hospitals and 53,000-plus other healthcare sites, the Premier healthcare alliance and its members are transforming healthcare together. Owned by not-for-profit hospitals, Premier operates one of the leading healthcare purchasing networks and the nation's most comprehensive repository of hospital clinical and financial information. A subsidiary operates one of the nation's largest policy-holder owned, hospital professional liability risk-retention groups. A world leader in helping healthcare providers deliver dramatic improvements in care, Premier is working with the United Kingdom's National Health Service North West and the Centers for Medicare & Medicaid Services to improve hospital performance. Headquartered in San Diego, Premier has offices in Charlotte, N.C., Philadelphia and Washington. For more information, visit www.premierinc.com.
