

SUITEPOINT! POINT-OF-SALE

Today's healthcare retail environment – which typically includes the hospital cafeteria, coffee shop, gift store, and kiosks – generates high volumes of revenue. Helping you to provide the best service to customers and hospital staff, Computrition has developed a comprehensive and cost-effective point-of-sale (POS) solution that improves foodservice management by streamlining the financial transaction process.

Our premier browser-based point-of-sale solution has the functionality for full integration with Foodservice Operations Management (FOM) or simply as a stand-alone solution. **SuitePoint! POS** is designed especially for the hospital cafeteria transaction environment and built with the right peripherals for customer and employee charges.
