

# Computrition Accessibility Conformance Report

## Revised Section 508 Edition

(Based on VPAT® Version 2.5)

**Name of Product/Version:** SuitePoint! Online Ordering Now (SPOON)/Wallet 26.1.1

**Report Date:** March 2026

**Product Description:** SPOON/Wallet is a browser-based application used to directly place contactless orders at a location and manage SuitePoint! charge accounts via a personal device or desktop computer.

**Contact Information:** mwalsh@computrition.com

**Notes:** N/A

### Evaluation Methods Used:

Manual inspection of interactive controls and elements against WCAG success criteria and the ARIA Authoring Practices Guide, keyboard-only navigation testing, automated accessibility scans using Chrome’s Lighthouse utility, and manual screen reader compatibility testing with NVDA.

### Applicable Standards/Guidelines:

This report covers the degree of conformance for the following accessibility standard/guidelines. While this VPAT only requires conformance with WCAG 2.0, please note that Computrition drives for compliance with the most up-to-date Web Content Accessibility Guidelines, and this version of the software was developed to meet the A- and AA-level requirements of WCAG 2.2.

| Standard/Guideline                                       | Included In Report                                |
|--|---|
| <a href="#">Web Content Accessibility Guidelines 2.0</a> | Level A (Yes)<br>Level AA (Yes)<br>Level AAA (No) |

| Standard/Guideline  | Included In Report |
|---|--------------------|
| <a href="#">Revised Section 508 standards published January 18, 2017 and corrected January 22, 2018</a> | (Yes)              |

## Terms

The terms used in the Conformance Level information are defined as follows:

- **Supports:** The functionality of the product has at least one method that meets the criterion without known defects or meets with equivalent facilitation.
- **Partially Supports:** Some functionality of the product does not meet the criterion.
- **Does Not Support:** The majority of product functionality does not meet the criterion.
- **Not Applicable:** The criterion is not relevant to the product.
- **Not Evaluated:** The product has not been evaluated against the criterion. This can only be used in WCAG Level AAA criteria.

## WCAG 2.0 Report

Tables 1 and 2 also document conformance with Revised Section 508:

- Chapter 5 – 501.1 Scope, 504.2 Content Creation or Editing
- Chapter 6 – 602.3 Electronic Support Documentation

Note: When reporting on conformance with the WCAG 2.0 Success Criteria, they are scoped for full pages, complete processes, and accessibility-supported ways of using technology as documented in the [WCAG 2.0 Conformance Requirements](#).

**Table 1: Success Criteria, Level A**

| Criteria   | Conformance Level  | Remarks and Explanations   |
|--|--------------------|--|
| <a href="#">1.1.1 Non-text Content</a> (Level A)                                     | Partially Supports | Multiple images in the application have alt text describing their appearance. However, several user control icons using font characters do not have an associated title parameter to describe their function with a screen reader (for example, the – and + icons on the Your Order drawer). |
| <a href="#">1.2.1 Audio-only and Video-only (Prerecorded)</a> (Level A)              | Supports           | SPOON does not include any prerecorded audio/video content.  |
| <a href="#">1.2.2 Captions (Prerecorded)</a> (Level A)                               | Supports           | SPOON does not include any prerecorded audio/video content and does not require any captions as a result.  |
| <a href="#">1.2.3 Audio Description or Media Alternative (Prerecorded)</a> (Level A) | Supports           | SPOON does not include any prerecorded audio/video content.  |
| <a href="#">1.3.1 Info and Relationships</a> (Level A)                               | Supports           |  |
| <a href="#">1.3.2 Meaningful Sequence</a> (Level A)                                  | Supports           |  |
| <a href="#">1.3.3 Sensory Characteristics</a> (Level A)                              | Supports           |  |
| <a href="#">1.4.1 Use of Color</a> (Level A)   | Supports           |  |
| <a href="#">1.4.2 Audio Control</a> (Level A)  | Supports           | SPOON does not use audio content.  |
| <a href="#">2.1.1 Keyboard</a> (Level A)   | Partially Supports | Some navigation can be performed using only the keyboard, but most tile buttons and confirmation message buttons are not accessible by tabbing to those controls.  |
| <a href="#">2.1.2 No Keyboard Trap</a> (Level A)                                     | Supports           |  |
| <a href="#">2.2.1 Timing Adjustable</a> (Level A)                                    | Supports           | The only time-based content on the site (countdowns for the end of a meal period) meets the Real-time Exception of the 2.2.1 criteria.   |
| <a href="#">2.2.2 Pause, Stop, Hide</a> (Level A)                                    | Supports           | The only auto-updating content (the countdown timer for the end of a meal period) is part of an essential activity and cannot be paused.   |
| <a href="#">2.3.1 Three Flashes or Below Threshold</a> (Level A)                     | Supports           |  |
| <a href="#">2.4.1 Bypass Blocks</a> (Level A)  | Supports           |  |

| Criteria  | Conformance Level  | Remarks and Explanations   |
|---|--------------------|--|
| <a href="#">2.4.2 Page Titled</a> (Level A)               | Supports           |  |
| <a href="#">2.4.3 Focus Order</a> (Level A)               | Partially Supports | Tile and confirmation message buttons do not have an appropriate focus state.  |
| <a href="#">2.4.4 Link Purpose (In Context)</a> (Level A) | Supports           |  |
| <a href="#">3.1.1 Language of Page</a> (Level A)          | Does Not Support   | Primary human language of the product (English) is not programmatically determinable.  |
| <a href="#">3.2.1 On Focus</a> (Level A)                  | Supports           |  |
| <a href="#">3.2.2 On Input</a> (Level A)                  | Supports           | Any inputs that will cause a change in context (for example, a submit button) convey that context will change using the button label (“Check Out”).                    |
| <a href="#">3.3.1 Error Identification</a> (Level A)      | Supports           |  |
| <a href="#">3.3.2 Labels or Instructions</a> (Level A)    | Supports           |  |
| <a href="#">4.1.1 Parsing</a> (Level A)                   | Supports           | For WCAG 2.0 and the 508 standards, the September 2023 errata update indicates this criterion is always supported. See the <a href="#">WCAG 2.0 Editorial Errata</a> . |
| <a href="#">4.1.2 Name, Role, Value</a> (Level A)         | Supports           |  |

**Table 2: Success Criteria, Level AA**

Notes:

| Criteria   | Conformance Level  | Remarks and Explanations   |
|--|--------------------|--|
| <a href="#">1.2.4 Captions (Live)</a> (Level AA)                 | Supports           | SPOON does not include any audio or video content requiring captioning.  |
| <a href="#">1.2.5 Audio Description (Prerecorded)</a> (Level AA) | Supports           | SPOON does not include any audio or video content.   |
| <a href="#">1.4.3 Contrast (Minimum)</a> (Level AA)              | Partially Supports | The only instance where foreground/background contrast does not meet the 4.5:1 requirement is the banner header of each page, which is 3.47:1. |

| Criteria   | Conformance Level | Remarks and Explanations  |
|--|-------------------|---|
| <a href="#">1.4.4 Resize text</a> (Level AA)                               | Supports          | SPOON features responsive design and sizing of page elements, which supports resizing of text on screen up to 200% without loss of content or functionality.  |
| <a href="#">1.4.5 Images of Text</a> (Level AA)                            | Supports          | The only image of text in SPOON is the product logo on the initial page, and that image qualifies as meeting the Essential exception for this criteria.   |
| <a href="#">2.4.5 Multiple Ways</a> (Level AA)                             | Not Applicable    | SPOON is made of sequential pages (menu, check out, submission) that need to be moved through in a specific order for the purposes of ordering a meal through the application.  |
| <a href="#">2.4.6 Headings and Labels</a> (Level AA)                       | Supports          |   |
| <a href="#">2.4.7 Focus Visible</a> (Level AA)                             | Supports          |   |
| <a href="#">3.1.2 Language of Parts</a> (Level AA)                         | Supports          | The displayed human language does not change from English at any point in the application.  |
| <a href="#">3.2.3 Consistent Navigation</a> (Level AA)                     | Supports          |   |
| <a href="#">3.2.4 Consistent Identification</a> (Level AA)                 | Supports          |   |
| <a href="#">3.3.3 Error Suggestion</a> (Level AA)                          | Supports          | Error suggestions are used where appropriate (for example, Name and Email fields during checkout).  |
| <a href="#">3.3.4 Error Prevention (Legal, Financial, Data)</a> (Level AA) | Supports          | The payment submission page presents meaningful errors to the user if any input errors were determined during processing (for example, an incorrect credit card number). The payment amount is also confirmed on three successive screens to ensure the user knows the cost of their financial transaction. |

**Table 3: Success Criteria, Level AAA**

Notes: The product was not evaluated for the WCAG 2.0 AAA conformance level per Section 508 guidance that it is not required.

## Revised Section 508 Report

### Chapter 3: [Functional Performance Criteria \(FPC\)](#)

| Criteria   | Conformance Level | Remarks and Explanations  |
|--|-------------------|---|
| 302.1 Without Vision   | Supports          | The application is accessible to users that rely on a screen reader to navigate web content.  |
| 302.2 With Limited Vision                                      | Supports          | The application is accessible to users that rely on a screen reader to navigate web content.  |
| 302.3 Without Perception of Color                              | Supports          | The application does not rely solely on color to convey any content or meaning to a user.   |
| 302.4 Without Hearing  | Supports          | The application does not include audio content which would otherwise be inaccessible to a user without hearing.                                 |
| 302.5 With Limited Hearing                                     | Supports          | The application does not include audio content which would otherwise be inaccessible to a user with limited hearing.                            |
| 302.6 Without Speech   | Supports          | The application does not include content that would otherwise be inaccessible to a user without speech.   |
| 302.7 With Limited Manipulation                                | Supports          | The application does not require fine motor control or simultaneous manual operations.  |
| 302.8 With Limited Reach and Strength                          | Supports          | The application is operable with operable with limited reach and limited strength.  |
| 302.9 With Limited Language, Cognitive, and Learning Abilities | Supports          | The application does not include content or features that would be explicitly inaccessible to users to with cognitive or learning disabilities. |

### Chapter 4: [Hardware](#)

Notes: This section was deleted because the application is not a hardware product and therefore the conformance criteria for this section do not apply to the product.

### Chapter 5: [Software](#)

Notes: Sections 502 and 503 were deleted per the exception, as outlined in 501.1, that this is a web application that conforms to Level A and Level AA Success Criteria and Conformance Requirements in WCAG 2.0. Additionally, section 504 was deleted because this is not an authoring tool and all conformance criteria in that section were not applicable.

| Criteria                                | Conformance Level    | Remarks and Explanations            |
|---|----------------------|-------------------------------------|
| 501.1 Scope – Incorporation of WCAG 2.0 | See WCAG 2.x section | See information in WCAG 2.x section |

| Criteria | Conformance Level | Remarks and Explanations |
|----------|-------------------|--------------------------|
| AA       |                   |                          |

Chapter 6: [Support Documentation and Services](#)

| Criteria   | Conformance Level                    | Remarks and Explanations  |
|--|--------------------------------------|---|
| <b>601.1 Scope</b>   | Heading cell – no response required  | Heading cell – no response required   |
| <b><a href="#">602 Support Documentation</a></b>                 | Heading cell – no response required  | Heading cell – no response required   |
| 602.2 Accessibility and Compatibility Features                   | Not Applicable                       | Accessibility features are covered by tools supplied by the user (for example, a screen reader) and would not be documented as part of the application.   |
| 602.3 Electronic Support Documentation                           | See <a href="#">WCAG 2.x</a> section | See information in WCAG 2.x section   |
| 602.4 Alternate Formats for Non-Electronic Support Documentation | Supports                             | Documentation is only provided in an electronic format.   |
| <b><a href="#">603 Support Services</a></b>                      | Heading cell – no response required  | Heading cell – no response required   |
| 603.2 Information on Accessibility and Compatibility Features    |                                      | Computrition provides a live support contact and support services at no additional charge. Computrition Customer Care can provide visual support tool as well as audio phone support that would be accessible to assistive technology and is equipped with TTY audio support. |
| 603.3 Accommodation of Communication Needs                       |                                      | Computrition provides a live support contact and support services at no additional charge. Computrition Customer Care can provide visual support tool as well as audio phone support that would be accessible to assistive technology and is equipped with TTY audio support. |
